KIDZ LOVE SOCCER SUMMER CAMP

Participants will learn the basic and advanced techniques of soccer and compete in an age-appropriate "world cup" tournament. Dribbling, passing, receiving and shooting will be presented to 8-years old and younger players; advanced dribbling moves, tactical team aspects (i.e. possession, combination play), and attacking the goal as a unit will be taught to players 9 years and above. Each child will receive a soccer ball and summer camp T-shirt. Campers should bring a full water bottle and snack. All participants must wear shin guards. Soccer shoes and sunscreen are recommended

JUST 4 KICKS SUMMER CAMP

Just4Kicks, inc. will conduct developmentally appropriate instructional soccer camps developing skills required for the game of soccer. Each day will focus on a particular aspect of the game of soccer utilizing specifically designed activities. Each activity varies according to age and ability, and is structured to provide every child the opportunity to express themselves and grow at their own rate. The emphasis is on learning and having fun, not winning. Every participant receives a soccer ball, t-shirt, and water bottle. Day long participants will need to bring a lunch and will enjoy 'soccer theme' games as part of the all day activities in addition to a scrimmage at the end of each day.

LEGO® FUNGINEERING CAMP

Children will have fun playing with LEGOs® - & will learn a little about engineering & design basics at the same time. Each class will include planned projects, "free play" time (including some time with the Mindstorms Robot!), & some basic instruction/explanations - all geared towards a little added development of your child's creativity & imagination. Children can also learn to follow step-by-step instructions - & to play, share & socialize nicely with others. This summer camp will include some new activities compared to the LEGO classes held during the school year. Feel free to drop child off with a snack & bottle of water.

DIGITAL FILMMAKING

A hands-on, immersive introduction to digital filmmaking. Students work in small groups to make a film and each student will experience all aspects of production. Under the guidance of professional filmmakers, students will pitch, plan, shoot, edit, screen, and score their movies. Students should bring a memory stick/flash drive on the last day of class to take copies of their work.

Instructor: Freshi Films

Location: Community & Cultural Center, Machado Room

GAME DESIGN

Kids work in groups to develop, design, debug and distribute their own 2D games. Using special software, students create their game without having to learn actual programming. They can also put their own music, video, animations and photos into their games with a simple click. Don't just play games- play your own game! Students should bring a memory stick/flash drive last day of class to take copies of their work.
